- Globalization calls for international solutions

The DEKRA Arbeit Group is continuing to expand its Europe-wide branch network and has founded DEKRA Arbeit Schweiz AG in Zug. The DEKRA Arbeit Group, a subsidiary organization of DEKRA SE, is launching its first Swiss company today, continuing its successful strategy of international customer service.

“The challenges of the globalized working world demand an ever wider presence and concomitant proximity to our customers and employees on site,” explains Jürgen Nusser, Chairman of the Board of Directors of the DEKRA Arbeit Group. “Only in this way are we in a position to professionally link the opportunities of the international employment market with regional customer needs and continue to implement our personnel concept so successfully.”

For more than 15 years, the DEKRA Arbeit Group has supported both major corporations and SMEs in qualified staffing with temporary workers at home and abroad. With currently more than 100 companies in Germany and foreign companies in Croatia, Serbia, Montenegro, Bosnia and Herzegovina, Hungary, Poland, Turkey, Slovakia, Macedonia, the Czech Republic, Spain and Switzerland, the placement-oriented personnel service provider is one of the leading providers of qualified staffing solutions in Europe.

DEKRA Arbeit Schweiz AG, headquartered in Zug, is directed by Beat Uebersax, who has many years of industry experience and expertise in personnel services. “The Swiss team is very much looking forward to working with the international customers and colleagues of the DEKRA Arbeit Group,” says Uebersax. “The name DEKRA represents quality and trust in Switzerland. We will do everything we can to fortify these values on a daily basis with our professional work.”
